

Tina Knipp
Bass Section Leader

Tina joined St. Louis Harmony right out of MU's School of Journalism. She's been performing all of her life. Tina has sung in eight quartets through the years, served as Assistant Director for two years and has led our awesome bass section since 1982. She coordinates vocal warm ups for the Director's Staff and encourages quartets to have fun with the 'hobby' by coaching and conducting quartet promotion workshops.

Tina has held numerous leadership roles through the decades and served Region 5 for eight years. Predominantly her Management Team contributions have been in the areas of grant writing, marketing, PR and Performance bookings.

She's "blessed with a fabulous family". Following a career in marketing and public relations, her new 'startup' business in music education offers piano, voice, and workshops designed to put people in the action of breathing and singing - just for the fun of it!
